Discover easy paper piecing with Carol Doak's Foundation Paper

Tips for Easy Use

When using a photocopier, inkjet or laser printer:
Fill paper tray with *Carol Doak's Foundation Paper* and print or copy your pattern. You may also hand-feed single sheets.

When tracing: Lay a sheet of *Carol Doak's Foundation Paper* over a pattern and place both over a light source. Trace with a fine-point permanent marker. A photocopy of the pattern is easier to handle than a book or magazine—just make sure the copy is exactly the same size as the pattern.

Pressing: Use a dry iron on a cotton setting and a press cloth on your ironing board cover to protect it from excess ink.
